Mascon

About *Our Company*

We're a division of a 39-year-old strategic supply chain company licensed by the State Dept. with expertise in procurement. Mascon Medical was launched in response to the PPE shortage after COVID-19 struck the U.S. Within three months, we brought in nearly 10 million pieces of PPE.

Mascon Medical is an infection control company – your strategic partner for risk mitigation – to help you navigate a safe reopening. During this uncertain time, on PPE inventory management, we assist in planning for “just-in-case” while reducing costs and ensuring continuity of supply.

PPE, cleaning, and disinfecting supplies are essential right now, but using them correctly is key. We train your staff to ensure they're used properly. If testing is required, we help you determine the tests you can and should use. We're partnering with Broad Institute to run testing cost-effectively.

Our team shares lessons learned from around the world and helps you put in place reactive SOPs – so you're prepared when there's an outbreak or other coronavirus-related issue and improve your odds of staying open.

Who we are

Board of **Advisors**

John R. Chen
CEO of Mascon

Bill Delahunt
Former Congressman

Phil Johnston
Former Secretary of Health and
Human Services in Massachusetts
and Regional Administrator of
Health and Human Services for New
England

Rich Mackinnon
President of Mass Firefighters
Association

**Salvatore
Marino**
CEO Bostonian
Enterprises

**Ron
Rothman**
Former President of
Honeywell Security &
ADI Distribution (Global)

**Mark O.
Schissler**
Lieutenant General | Chairman
at MagnoSec Corp.

**Joe
Sullivan**
Former Braintree
Mayor

**Dr. Ann
Woolley, M.D.**
Infectious Disease Doctor at
Brigham & Women's –
working with Broad
Institute on Covid-19
research and testing

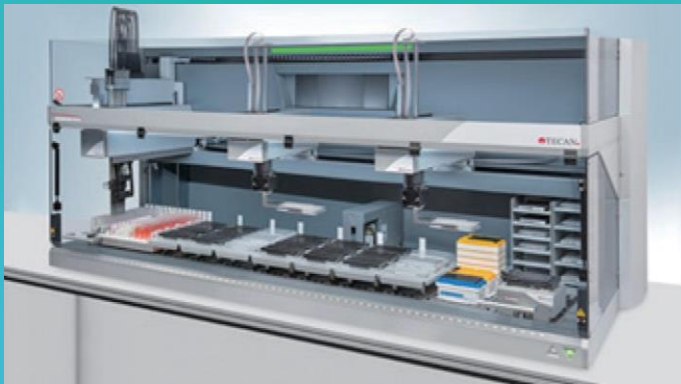

Pipette Tip Series

RSP

Tecan FreedomEVO Series,
Tecan Fluent, Tecan ADP

SPEC: 50µl, 200µl, 1000µl

Part Number	Volume	Color	Category	Packaging			Part Number	Volume	Color	Category	Packaging

TECAN MCA

SPEC: 50µl, 200µl

Part Number	Volume	Color	Category	Packaging
MM-T-50-M9-TP	50µl	Transparent		96 pcs / rack 4800 pcs / case
MM-F-50-M9-TP			With Filter	
MM-T-200-M9-TP	200µl			
MM-F-200-M9-TP			With Filter	

XANTUS

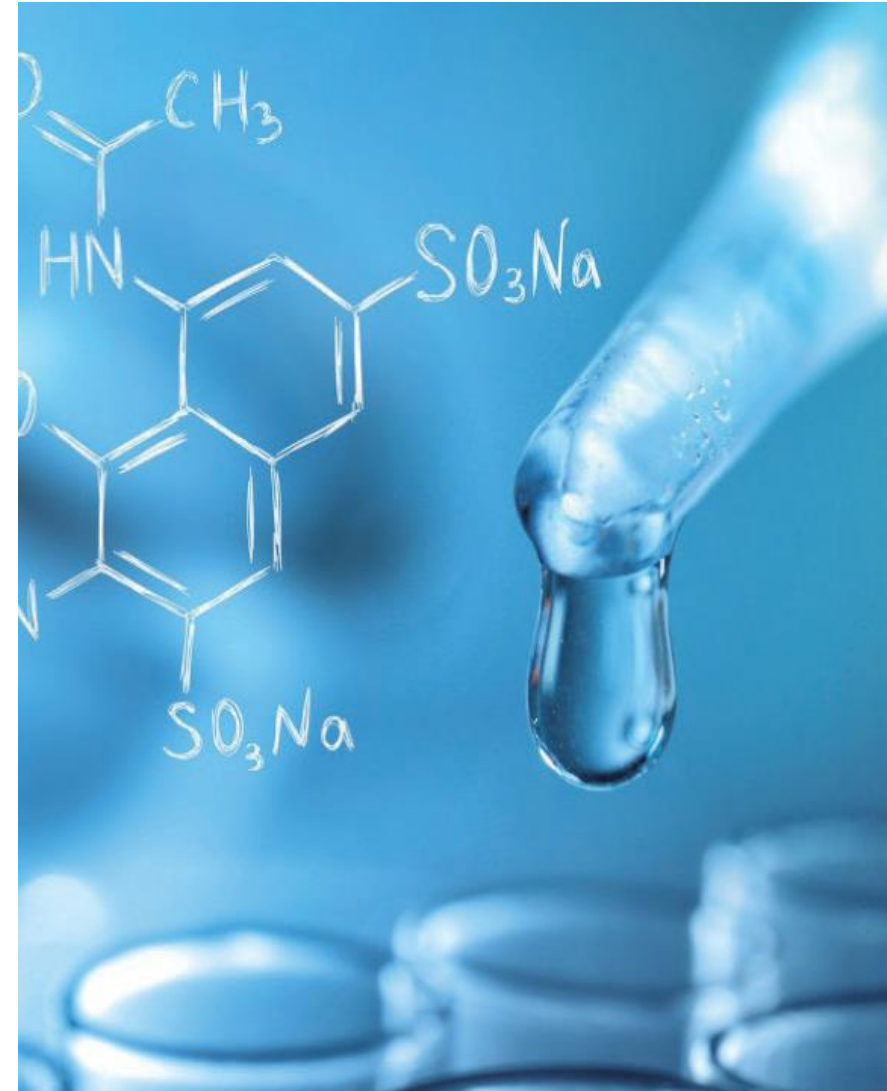

Part Number	Volume	Color	Packaging
MM-T1000-X-TP	1000µl	Transparent	960 pcs / rack 9600 pcs / case

LISA

Part Number	Volume	Color	Packaging
MM-T1000-L	1000µl	Black	480 pcs / rack 4320 pcs / case

BECKMAN

Beckman FX/NX, M μ ltitek Ap96,
Biomek 3000

SPEC: 20 μ l, 250 μ l

Part Number	Volume	Color	Category	Packaging
MM-T020-B-TP	20μl	Transparent		96 pcs / rack 4800 pcs / case
MM-F020-B-TP			With Filter	
MM-T250-B-TP	250μl			
MM-F250-B-TP			With Filter	

ROCHE

Tip & Cup

Product Description

Cup

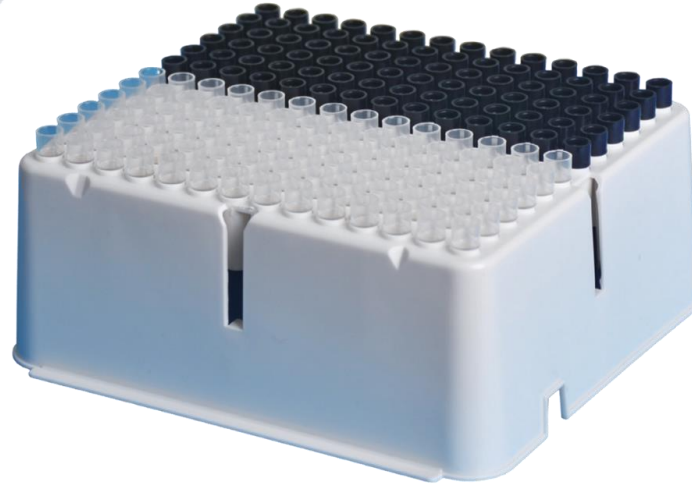

- Compatible for Baolingman Biochemical Analyzer
- Compatible for Roche Incubator
- Compatible for Roche Electrochemiluminescence immunoassay analyzer

Tip

- Compatible for Roche Electrochemiluminescence immunoassay analyzer
- Compatible for Cobas6000 analyzer

Packaging

- 84 Tips & 84 Cups / Rack
- 48 Racks / Case
- 8 Waste boxes included per case

Cobas e-411

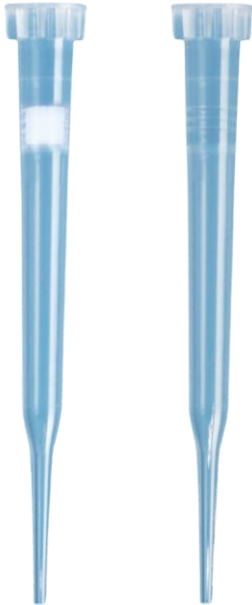

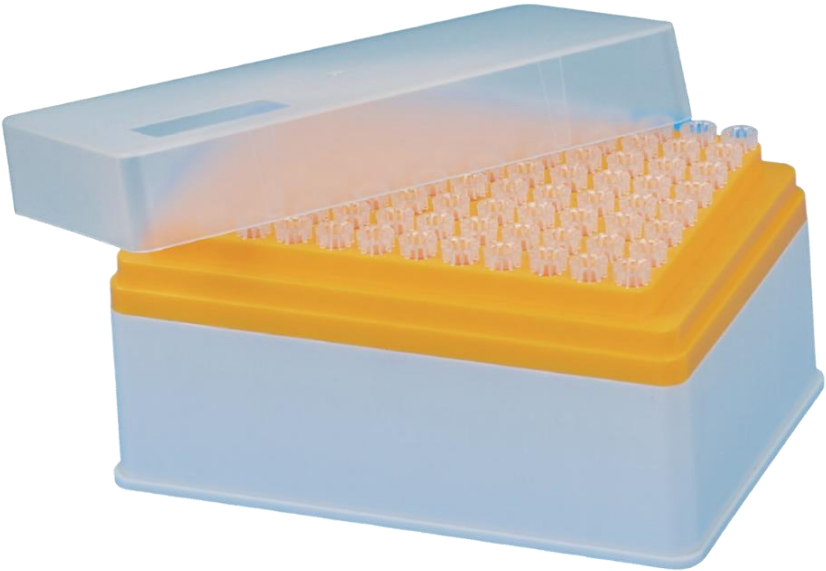

Cobas e-601

Cobas e-6000

AGILENT

Agilent, Agilent Bravo

Part Number	Volume	Color	Category	Packaging
MM-T250-B-TP	250µl	Transparent		96 pcs / rack
MM-F250-B-TP			With Filter	4800 pcs / case

UNIVERSAL PIPETTE TIPS

Product Description

- 1. Made by Transparent polypropylene, compatible for Gilson, Eppendorf, Thermo Pipette
- 2. 121 Celsius degrees high temperature resistance; No deformation after autoclaving

Part Number	Volume	Maximum Capacity	Category	Packaging
MM-PT10-TP	10μl	0.5 - 10μl	Low Binding	1000 pcs / rack
MM-PT10-TP-LB				20000 pcs / case
MM-FT10-TP			With Filter	1000 pcs / rack
MM-PT10-TP-9			Sterile	96 pcs / rack 4800 pcs / case
MM-PT10-TP-9-S				
MM-PT10-TP-9-LB				
MM-PT10-TP-9-S-LB				

UNIVERSAL PIPETTE TIPS

Product Description

1. Made by Transparent polypropylene, compatible for Gilson, Eppendorf, Thermo Pipette
2. 121 Celsius degrees high temperature resistance; No deformation after autoclaving

Part Number	Volume	Maximum Capacity	Category	Packaging
MM-PT200-TP	200μl	10 - 200μl		1000 pcs / rack
MM-PT200-TP-LB			Low Binding	20000 pcs / case
MM-FT200-TP			With Filter	1000 pcs / rack 10000 pcs / case
MM-PT200-TP-g				96 pcs / rack 4800 pcs / case
MM-PT200TP-g-S			Sterile	
MM-PT200-TP-g-LB			Low Binding	
MM-PT200-TP-g-S-LB			Low Binding, Sterile	1000 pcs / rack 20000 pcs / case
MM-PT200-TP-Y			Yellow	
MM-PT200-TP-Y-LB			Yellow, Low Binding	1000 pcs / rack 10000 pcs / case
MM-FT200-Y-TP			Yellow, With Filter	
MM-PT200-TP-g-Y			Yellow	96 pcs / rack 4800 pcs / case
MM-PT200-TP-g-Y-S			Sterile	
MM-PT200-TP-g-Y-LB			Low Binding	
MM-PT200-TP-g-Y-S-LB			Low Binding, Sterile	

UNIVERSAL PIPETTE TIPS

Product Description

1. Made by Transparent polypropylene, compatible for Gilson, Eppendorf, Thermo Pipette
2. 121 Celsius degrees high temperature resistance; No deformation after autoclaving

Part Number	Volume	Maximum Capacity	Category	Packaging
MM-PT1000-TP	1000µl	100 - 1000µl		1000 pcs / rack 5000 pcs / case
MM-PT100-TP-LB			Low Binding	
MM-FT1000-TP			With Filter	
MM-PT1000-TP-g				100 pcs / rack 5000 pcs / case
MM-PT1000-TP-g-S			Sterile	
MM-PT1000-TP-g-LB			Low Binding	
MM-PT1000-TP-g-S-LB			Low Binding, Sterile	
MM-PT1000-TP-B			Blue	1000 pcs / rack 5000 pcs / case
MM-PT1000-TP-B-LB			Blue, Low Binding	
MM-FT1000-TP-B			Blue, With Filter	
MM-PT1000-TP-g-B			Blue	100 pcs / rack 5000 pcs / case
MM-PT1000-TP-g-B-S			Blue, Sterile	
MM-PT1000-TP-g-B-LB			Blue, Low Binding	
MM-PT1000-TP-g-B-S-LB			Blue, Low Binding, Sterile
